[QQ.COM \(/siteinfo/qq.com\)](#)

qq.com

China's largest and most used Internet service portal owned by Tencent, Inc founded in Nov... Moreember, 1998. Presently, Tencent is aiming its operations at the strategic goal of providing users with a "one-stop online life service". Tencent's Internet platforms QQ, QQ.com, QQ Games, and PaiPai.com have brought together China's largest Internet community. Tencent's communications and information-sharing services include QQ.com, QQ Instant Messenger, QQ Mail, and search engine SOSO. Linked up with heavily used features such as forums, chat rooms, and QQ Groups, Tencent's Qzone has grown into China's largest personal Internet space. These services foster group interaction and resource sharing. Virtual products such as QQ Show, QQ Pet, QQ Game, and QQ Music/Radio/Live have been successful in providing entertainment and customization options to users. Mobile phone users can take advantage of a number of value-added wireless services. Tencent's PaiPai.com is a C2C on-line shopping platform that seamlessly integrates into Tencent's other community platforms. As of June 30th, 2009, the number of registered QQ Instant Messenger users has reached 990.0 million. Active users numbered at 448.0 million. Peak concurrent users have reached 61.30 million. QQ Games platform counted about 6.2 million users simultaneously on-line. QQ.com has become China's most visited Internet portal website. PaiPai.com has also become China's second largest Internet shopping platform.

alipay.com

Launched in 2004, Alipay is China's leading third-party online payment solution, providing an e... More easy, safe and secure way for millions of individuals and businesses to make and receive payments on the Internet. It had more than 650 million registered accounts by December 2011. On November 11, 2011, Alipay processed a total number of 33.69 million transactions, setting a record of the highest number of transactions facilitated via an online payment platform during a 24-hour period. The preferred online payment tool of Internet merchants in China, Alipay provides an escrow payment service that reduces transaction risk for online consumers. It partners with more than 100 financial institutions to facilitate payments in China and abroad. It provides payment solutions for 460,000 merchants. It also offers an online payment solution to help merchants worldwide sell directly to consumers in China and supports transactions in 12 major foreign currencies. Alipay is an affiliate of Alibaba Group.

Moredependent professionals via the Internet. Businesses can hire these online contract workers for any type of work that can be done in front of a computer — from every tech skill imaginable to project management, customer support, marketing, design and even legal services. Access to a large, global pool of skilled contractors is especially powerful for startups and small businesses with limited resources, businesses seeking a very specific skill that's difficult to find within commuting distance, and businesses located outside a metropolitan area. oDesk's unique model provides transparency and protection for both the business and the worker, guaranteeing and tracking that an hour paid is an hour worked.
